DEMOGRAPHIC OVERVIEW

Demographic data aids with understanding a community's structure as it reveals information about age, gender, ethnicity, education and other primary factors of the population. Between 2023 and 2024, the U.S. experienced a slight population increase of one percent. **Nationwide, two-fifths of counties had population increases of more than 0.5 percent, while one-fifth experienced a decline of over 0.5 percent.** Daggett County, home to 956 residents, had a 2.7 percent decrease in population between 2023 and 2024.

LABOR FORCE TRENDS

The labor market is a key determinant of economic growth and residents live in places where they can find work. Labor force indicators, such as the unemployment rate and labor force size, assess local economic dynamics and employment trends. Through analysis of these metrics, decision-makers can gain insights into workforce health, anticipate future labor needs and identify areas for intervention. **The nation's unemployment rate, which was at 4.0 percent in 2024. More than half (56 percent) of counties had unemployment rates below this national figure in 2024.**

HOUSING UNITS

Housing statistics provide insights into a community's economic status, social structure and overall condition. **These figures cover various factors**, including occupancy and vacancy rates, housing affordability and other demographics factors. Combining housing data with indicators such as homeownership rates, access to education and infrastructure can inform aspects of planning and development.

Source: U.S. Census Bureau - American Community Survey (ACS) 5 year estimates, 2019-2023: DP04 and B07013 tables.

Housing Affordability

Households that pay more than 30 percent of their income on housing are considered cost burdened and, **in most counties, renters are more likely to be cost-burdened than homeowners.**

Housing affordability statistics for Daggett County: 2019 - 2023 data

Owner-Occupied Housing Units		Renter-Occupied Housing Units	
Percent Moderately-Burdened Owners	12.4%	Percent Moderately-Burdened Renters	4.8%
Percent Severely-Burdened Owners +	14.7%	Percent Severely-Burdened Renters +	4.8%
Total Percent Cost-Burdened Owners =	27.2%	Total Percent Cost-Burdened Renters =	9.5%

Source: U.S. Census Bureau - American Community Survey (ACS) 5 year estimates, 2019-2023: B25070 and B25091 tables.

Nationwide, 50.4 percent of all renters are burdened by the cost of rent. **For Daggett County, the figure is 40.9 percentage points below the national average.** Out of all homeowners in the U.S., 22.2 percent of households are cost-burdened and **in Daggett County, the percentage is 5.0 percentage points above the national average.**

POVERTY AND COMMUNITY HEALTH

After decreasing for years, the national poverty rate increased slightly from 2020 (11.5%) to 2021 (11.6%) but then declined to 11.5% in 2022 and further to 11.1% in 2023 . Poverty tends to be concentrated in specific geographical areas and often persists over extended periods. Vulnerable groups, including individuals with disabilities, those residing in rural areas and specific racial and ethnic minorities, face higher risk of poverty.

Poverty statistics for the Daggett County - 2023

Health Insurance

A healthy population contributes to a more productive workforce, and the health consequences of poverty are severe. People living in poverty, especially children, are at a higher risk for mental illness, chronic disease, higher mortality and a lower life expectancy.

Health insurance statistics in Daggett County - 2022 share

Health insurance plays an important role in ensuring access to health services. In 2022, 8.4 percent of all U.S. residents do not have health insurance. The share of residents in Daggett County with no health insurance is 6.9 percent, 1.5 percentage points below the national level.

EDUCATIONAL STATISTICS

A county needs working-age residents to support current and prospective companies, and counties with sufficient working-age residents tend to have training and educational opportunities for young workers to develop their skills. Educational statistics can help community leaders to recognize areas of need, distribute resources, formulate policies and initiatives and involve the community in discussions about educational requirements, including vocational training and skill development. **There are over 95,000 public schools, more than 8,600 libraries and over 5,800 community colleges and universities in the United States, serving our communities and contributing to the landscape nationwide.**

NATURAL DISASTERS

Natural disasters can have a devastating impact on both the environment and local economies **causing an increase in people leaving the affected areas, a drop in home prices and higher rates of poverty.** Many residents are also facing increased insurance costs. In 2024, the U.S. was impacted by **27 separate billion-dollar disasters, which resulted in approximately \$182.7 billion in damages.** Additionally, 1,207 counties experienced at least one federally declared major disaster in 2024.

Federally declared disasters for the county - 2000 to 2024

Like every other county in the nation, **Daggett County** faced the effects of the **COVID-19 pandemic, which was declared a major disaster by the federal government.** Additionally, between 2000 and 2024, the county was affected by flooding and coastal storms which were also federally declared disasters.

The National Risk Index

The National Risk Index is a tool developed by the Federal Emergency Management Agency (FEMA) in the U.S. to assess the risk of natural hazards and their potential impact on communities. It considers factors such as the probability of hazards occurring in specific areas, along with demographics, infrastructure, socioeconomic factors and the built environment. With a comprehensive assessment of risk levels at the county level, the index enables community leaders to prioritize resources and develop strategies for disaster mitigation, preparedness, response and recovery.

Risk Index breakdown for Daggett County

Avalanche	Not Applicable	Coastal Flooding	Not Applicable	Cold Wave	Very Low
Drought	Very Low	Earthquake	Very Low	Hail	Very Low
Heat Wave	Not Available	Hurricane	Not Applicable	Ice Storm	Very Low
Landslide	Relatively Low	Lightning	Very Low	Riverine Flooding	Very Low
Strong Wind	Very Low	Tornado	Very Low	Tsunami	Not Applicable
Volcanic Activity	Not Applicable	Wildfire	Relatively Low	Winter Weather	Very Low
